by Yury Kuklachev and Dmitry Kuklachev**

35 cats, 2 dogs and 10 artists on stage
in the funniest show dedicated to the world of cats!
Starring Honored Artist of Russia Dmitry Kuklachev!

Don't miss this show, the only one in the world, born in Moscow in the 1970s.
Cats are not the only protagonists of the show, they are led by a clown
and do amazing things thanks to contact with a man who was able
to conquer them with his skill!

The theatrical performance «Clown & Cats» is dedicated to the stars of the world clowning: Charlie Chaplin, Leonid Yengibarov and to the clown with a stage name Grock, born Charles Adrien Wettach.

The Honored Artist of Russia Dmitry Kuklachev has brought to life his old dream to stage a play dedicated to the idols of his youth.

«Clown & Cats» is a look to the great names through the prism of contemporaneity and of course through the prism of the Cats Theater.

While playing the role of the great clowns, Dmitry Kuklachev complicates the circus acts by adding tricks with cats.

Interpreting Charlie Chaplin so well that the audience believes that they see really him, the great clown Chaplin, Kuklachev balances a long pole with an unflappable cat sitting above.

Playing the part of the musical eccentric Grock, the Artist plays the saw, making it sound in a particularly beautiful manner.

In the role of Leonid Yengibarov, Dmitry plays an extremely complicated part: one by one he conquers three and then even five reels!

The most complicated tricks are performed by Dmitry so easily, revealing his supreme mastery and skills, while cats and two charming poodles show remarkable stage charm.

The Kuklachev's Theater is recognized in the world community as a phenomenon in the field of art.

All the performances of the Kuklachev Dynasty are unique and combine fabulous and romantic story, dizzying tricks, dances of dexterous and graceful cats.

In 2020 the Kuklachev's Theater celebrated its 30th anniversary with 200 cats from 38 different breeds. But the purpose of the theater is not to show cat breeds.

The main idea is to reveal the personality of the animal, its nature. Each cat represents his own world becoming an actor or actress on stage, who wants to conquer the audience with his performance.

«Cats are mystical creatures», Dmitry Kuklachev says. The uniqueness of the Cats Theater confirms that only they know how to play on stage, how to feel like a real artist.

Everything is bright, beautiful,
funny and fun!
Cats do wonders!

Performance duration: 1 h 30 min
